

WHY YOU SHOULD BREED TO OUR STALLIONS

Hello, Dear Breeder!

Timber Ridge Farm is proud to stand, and I to represent, TWO fantastic stallions to meet all your breeding needs in Pennsylvania in 2010. Here are just a few reasons why you should select our boys to breed to your mares:

BOTH are:

- G1 stakes winners (**BUZZARDS BAY** on dirt, **FASTNESS** on turf)
- millionaires
- among the very top racehorses at stud in the entire Mid-Atlantic region
- track record setters at over a mile

BOTH

- raced many times against top graded company and retired sound.
- have sires, grandsires *and* great grandsires which were stakes winners and sires of stakes winners.
- have something special and unique in their pedigrees:
 - **BUZZARDS BAY** has THREE crosses to the great **RIBOT!**
 - **FASTNESS** has **TROY** (leading broodmare sire in United Arab Emirates) as his broodmare sire. He shares this honor among North American sires with only **STREET CRY** (sire of KY Derby winner Street Sense and undefeated Breeders' Cup winner Zenyatta) to the best of my knowledge.

BOTH offer EXCEPTIONAL VALUE for your stud fee dollars: FREE to stakes performing or producing mares making PA bred, full HALF PRICE discounts for mares foaling in Pennsylvania, ZERO stud fees in exchange for 50-50 breeder bonus splits for qualified breeders among other discounts:

- **BUZZARDS BAY:** 5000 LF, 2500 LF PA foaling mares, 50-50 breeder bonus splits in lieu of stud fee, FREE to stakes performing or producing mares, and discounts for multiple mares, early booking by 1/31/10, and 9/1/10 prepayment of stud fee.
- **FASTNESS:** 4000 LF, 2000 LF PA foaling mares, 50-50 PA breeder bonus splits in lieu of stud fee, FREE to stakes performing or producing mares foaling in PA, and discounts for multiple mares, early booking by 1/31/10, and 9/1/10 prepayment of stud fee.

BOTH are excellent outcrosses for Northern Dancer and Mr. Prospector line mares. Free nicks using the CompuSire program are yours for all of your mares – just call Jane at 215-633-7092 or email at flyingpidgeon@hotmail.com

-- continued --

WE KNOW THAT

Graded stakes winners make the best sires by and large. We know that they pass on racing ability to their foals and thus help their mares produce faster horses.

PA-breds are in greater and greater demand if they can run even a little bit, and with these 2 sires, the potential to make a *fast* racehorse is *highly* increased (**FASTNESS** has already sired a graded stakes winning millionaire and champion, not to mention stakes winners on turf and dirt).

Pennsylvania tracks are giving away more and money due to slots revenue. Maiden special weights are about 42K at Philadelphia Park while 7.5K claimers have 18K purses. Owner awards of 40% of money earned are added to earnings by 1-2-3 PA bred finishers at Philadelphia Park (20% currently at Penn National). Breeder awards are 30% of that final figure for PA sired runners (20% for non PA sired babies). It's a GREAT time to breed to race, especially in an economy which is shaky elsewhere but very strong at PA tracks.

Pennsylvania offers racing year round at Penn National and Philadelphia Park on dirt and grass in season. Presque Isle Downs offers an artificial surface, especially good for turf horses. Breeding to **FASTNESS**, then, offers you an extra edge (remember that his runners won stakes on dirt and turf), and **BUZZARDS BAY**, with his best running on dirt in very strong wire-to-wire fashion, nevertheless set a track record on polytrack.

The bottom line is whether you'd like to try a new sire with tremendous upside potential or an established, proven sire, **BUZZARDS BAY and FASTNESS CAN MEET ALL YOUR MARES' NEEDS IN ONE SPOT – at TIMBER RIDGE FARM.** An experienced resident stallion manager, a top reproductive vet around the corner, and lots of lush green fields and room await your mares and their foals for personal attention and superb care.

Sincerely,

Your very proud stallion representative, Jane
